Re: Whitlow Smoke School

Dear Program Manager,

I have attended Whitlow Smoke School each six (6) months since Mr. George Whitlow started the school. Additionally, Mr. Whitlow instructed the Louisiana DEQ Smoke School, which I attended each session since 1995. Mr. Whitlow provides realistic and professional instruction for both the field test as well as the classroom instruction. I recommend Whitlow Smoke School as a provider for Method 9 Visible Emissions Certification.

Cordially

A handwritten signature in black ink that reads "Gary G. Fontenot". The signature is written in a cursive style with a long horizontal flourish extending to the right.
